ALL SADDENED BY ACCIDENT

SURROUNDING TERRITORY SYMPATHIZES WITH SEBRING.

THE FUNERAL DETAILS

Business Practically Suspended in the Little Pottery City When News of Automobile-Car Collision Was Received—Inquest Held.

Salem friends are uniting with the entire populace of Sebring in mourning the horrible death of Charles J. Albright, George Frederick, Joseph Snedeker and John Derby, the four Sebring men who were dashed to pieces Friday when the auto in which they were riding was struck by a Stark Electric baggage car at Naylor's crossing, just east of Beloit.

The men were known and respected by almost every resident of the little crockery city and when the news of the fatal accident reached Sebring Friday afternoon, a pall of sadness spread over the town. Employes of the potteries left their benches to seek particulars of the accident and business of all lines was practically at a standstill throughout the afternoon. Crowds flocked to the scene and those who could not squeeze into the interurban cars walked the entire distance.

Arriving there, a sight of wreckage on all sides greeted their eyes. A portion of the demolished automobile landed near a telephone pole, a few feet from the crossing, against which two of the victims had been hurled. Some 200 feet west of the crossing, at the left of the tracks, was the remaining section of the auto, with which the other two men were dragged by the car. The tracks, a few feet further west, were blocked by the baggage car, the hind trucks of which were left standing on the rails. The front trucks were torn from their position and the front end of the car had been thrown from the tracks. The front of the baggage car was badly splintered, the glass in the front windows broken and the fender torn from the car. Although the remains of the four men had been gathered up and sent by special car to the Alliance morgue before the crowd gathered at the scene of the disaster, the wreckage that was witnessed impressed all with the horribleness of the accident. For several feet the Stark Electric tracks were torn up and the ties were splintered where the demolished trucks had bumped along until the car was brought to a standstill.

Dashing along toward East Liverpool in Mr. Albright's automobile, the men in the party had little thought of the awful death they were to meet and it seems improbable that they realized their position until they were struck by the baggage car. The men had started on a business trip to East Liverpool and were endeavoring to make the trip to that city in the remarkable time of one hour and 20 minutes. It is therefore supposed that the machine was going at a terrific rate of speed when it reached Naylor's crossing and so great was the impact when it was struck squarely by the speeding baggage car that the automobile and occupants were ground to pieces without a moment's warning. Pieces of the broken glass in the car window struck motorman Wallace and cut his right hand, while the jolt of the car threw him forward, slightly injuring his shoulder. The conductor was uninjured.

While all the men were widely known in pottery circles in Sebring and East Liverpool as well as in Salem, Charles J. Albright was particularly well known in this city and was a cousin of Mrs. A. O. Hess, of Lincoln avenue. He was born and reared at Franklin Square, the son of Mr. and Mrs. John Albright, and with his parents and brothers and sisters later moved to East Liverpool. There he learned the potters' trade and soon worked his way to the front, becoming interested in the Sebring potteries when Sebring was first built. A short time ago he purchased Fred Sebring's interest in the Limoges pottery and was president and general manager, Frank Sebring being his partner. His brothers, Firman and Richard, are engaged in the pottery business at Carrollton, where his mother resides.

George Frederick was a nephew of A. E. McKee, of this city, who went to Sebring Saturday. Funeral services will be held Sunday afternoon.

John Derby's funeral was held at 1 p. m. Saturday, after which his remains were shipped to his home in Wilkesbarre, Pa.

Services for Charles J. Albright and Joseph Snedeker will be held Sunday afternoon, the former at 2 and the latter at 4 p. m.

The Mahoning county coroner visited the scene of the accident Friday evening and pronounced the deaths as accidental.

MISS CLAY IS YET MISSING FROM HOME

Miss Mabel Clay, the 18-year-old daughter of Mr. and Mrs. Wilfred Clay, who left her home at Greenford Monday evening, has not been located, although Mr. Clay has been searching diligently for her. The girl is reported to have gone to the home of Mrs. James Maloney, in East Liverpool, and her father went to that city Wednesday, but was unable to find a trace of her. In the neighborhood about the Clay home, it is alleged that the girl ran away from home on account of mistreatment.

Admitted Taking Shirts.

Pleading guilty to a charge of stealing shirts from D. F. Triem's clothing store on Broadway, John Maguire was Saturday bound over to court by Mayor Carlile in the sum of $100. Maguire acknowledged that he took the goods, and said that he intended to take them back.

Fine Wheat and Oats Crop.

Eli Slagle had a remarkably large harvest of oats and wheat from 42 acres of his farm near Greenford this season. He harvested 578 bushels of wheat from 21 acres and from the same amount of land reaped 1,045 bushels of oats.

Mr. and Mrs. C. B. Dorwart, of McKinley avenue, have returned home after a three weeks' visit in the East.

The Prince of Wales sailed up the Hudson on the United States revenue cutter Harriet Lane to West Point, where he was received by Lieutenant General Winfield Scott, a conspicuous hero of our war with England in 1812-14.

OHIO W.C.T.U. HAS MADE GREAT GAINS THIS YEAR

Lorain, Oct. 15.—The first session of the state convention of the W. C. T. U. opened in the First Methodist church Friday with 500 delegates in attendance.

Reports from officers and committees showed that in the last year 1,100 unions were organized. There are now 10,023 unions in the state with a total membership of 14,095. During the year the organization received $18,456.80 and disbursed $15,540.54, leaving a balance in the treasury of over $2,000. Ohio, according to the reports, has paid more into the national fund than any other state.

Mayor King spoke for a short time welcoming the visitors and President W. N. Little spoke for the board of commerce. Yesterday afternoon delegates were the guests of the board of commerce on an automobile ride through the city and in the surrounding country. Last evening addresses were made by Lillian M. N. Stevens, of Portland, Me., president of the national organization and vice president of the world organization, and Miss Anna Gordon, of Evansville, Ill., vice president of the national organization and secretary of the world's organization.

Special music is provided for each session. The Lorain Musical society will sing Monday evening and church choirs will participate in the various programs. Business houses are decorated and a large number of entertainments have been provided for the visiting delegates. Monday evening the diamond medal oratorical contest will be conducted.

President Anna Hess, County Secretary Miss Laura Schilling and Secretary Mrs. Eva Leatherberry, of the Salem W. C. T. U. are in attendance.

SALEM MEN TO SIT ON STAGE AT BIG E. LIVERPOOL RALLY

Salem Republicans who go to East Liverpool Monday evening to attend the Republican rally at the Ceramic theater, will be honored by having 25 of their number serve as vice presidents of the meeting, at which Hon. Warren G. Harding and other prominent speakers will deliver addresses.

It is believed a large number will make the trip and the energetic members of the party are endeavoring to sell 100 tickets, a special rate having been granted by the Y. & O. R. R. Co. The following vice presidents have been selected from this city: W. G. Bentley, L. P. Metzger, W. S. Atchison, J. C. Boone, M. L. Young, C. F. Lease, J. R. Vernon, E. J. Schwartz, K. L. Cobourn, F. F. Trimble, T. T. Church, L. B. French, L. H. Brush, A. H. Kennedy, Hiram Greiner, J. R. Sarey, James Boohecker, E. L. Ealy, T. E. Webb, J. C. Chain, S. Grove, Jr., D. W. Davis, Ambler Smith and N. L. Reich.

NORMAL SCHOOL DATA FORWARDED

A meeting of interested citizens was held in the office of Supt. Jesse Johnson, of the Salem public schools, Friday evening for the purpose of talking over final details before forwarding Salem's collection of data to the state normal school commission.

After discussing the matter of Salem's chances for securing the Eastern Ohio normal and the points that should be impressed upon the commission and the local committee was instructed to forward descriptions of the Tolerton and driving park sites, together with a lot of general information about Salem and surrounding territory. The commission will also be informed that efforts are being made to arrange for the use of Centennial park as a campus should the driving park site be selected, or for the purchase of a part of the Tolerton farm, should that be considered. Options are held on sufficient land adjoining both these sites for an agricultural experiment farm to be operated in connection with the school.

It is believed that the state commission will return to Salem soon to make a more careful inspection of the two sites which made a favorable impression when the commissioners visited Salem last month.

Local people who are familiar with the efforts being made by Salem and other cities to secure the school are very optimistic about Salem's chances, although, of course, the commission has given out no intimation as to its choice.

Albert Silver was a Cleveland visitor Saturday and Sunday.

FORMER SALEM MAN IS HUSBAND OF TWO

Canton, Oct. 15.—The second bigamy case in Stark county within a week came to light Friday when County Detective P. D. Howell ascertained that George Dehoff, of Alliance, formerly of Salem, a prisoner at the workhouse, has two wives living in this county.

Mr. Howell received his first information of the plural marriage through a letter from Attorney E. B. Leonard, of Warren, who is about to institute divorce proceedings against Dehoff in behalf of the first wife. The attorney asked him to locate Dehoff.

Last August, Dehoff took out a marriage license to marry Mrs. Matilda Matthews, of Alliance, and the ceremony was performed in Alliance by Rev. W. F. Wykoff, pastor of the First M. E. church.

According to the letter of the Warren attorney Dehoff was formerly married to Miss Mary Ward, of Leetonia. It is said that they lived together until 1897, when they separated in Alliance. Dehoff informed Detective Howell that he supposed his first wife had secured a divorce, as he had not seen nor heard anything from her since the separation.

About a week ago Dehoff was sentenced to the workhouse by Mayor Speidel, of Alliance, to work out a fine of $5 and costs. He was arrested for the non-payment of a board bill contracted for himself and wife No. 2. His sentence will expire November 27.

As the man is already in detention, no action will be taken by Detective Howell until further word is heard from Attorney Leonard.

JOY RIDE ENDS IN A COLLISION

SORROW NOW PORTION OF EAST LIVERPOOL PARTY.

TWO MEN; TWO GIRLS

Drove About the City All Night and Were Caught on Traction Line Crossing by Interurban Car—All Injured—Horse Killed.

East Liverpool, Oct. 15.—As they were about to wind up an all night's joy ride about 5:30 o'clock this morning, a surrey load of four people was struck by a Ohio Scenic Valley car at Hickey's crossing, between East Liverpool and Wellsville, and all four were injured. They are:

Perry Finley, 25, carpenter of Chester, W. Va.; cut and bruised.

William S. Allison, supposed to be Wm. Cunningham, 25, married, of Chester, W. Va.; cut about face and ribs broken.

Lulu Reed, of Chester, W. Va., 25; scalp wound.

Bessie Maut, 25, of East Liverpool; cut above the right eye and scalp wound; in serious condition.

The four started out last evening to go to a dance. They hired a livery rig and as the evening was so large, they decided to keep on driving, instead of dancing. Consequently they drove about town until 5:30 a. m., when they started across the interurban tracks in front of an Ohio Scenic Valley car. The horse was killed and as the four occupants were thrown out they sustained injuries as above noted. A heavy fog prevented sight of the car until it struck.

LITTLE HEARD OF WET AND DRY ISSUE

Sure to Bob Up Again When the Legislature Convenes, However.

Columbus, Oct. 15.—Little talk is heard these days about the wet and dry question, but it is sure to be up again when the legislature convenes. The wets are planning to repeal the Rose local option law and are working hard to capture the legislature. Of course, the drys are working just as hard the other way. There will be a big fight over the proposition, and there will be no mistake about that.

WELLMAN STARTS ACROSS ATLANTIC

Atlantic City, N. J., Oct. 15.—(Special.)—At 8 o'clock this morning the Wellman airship left the ground and started out to sea on the "across the ocean" flight. Besides Walter Wellman, the dirigible carried a crew of five men.

Stanley Ketchell Shot.

Springfield, Mo., Oct. 15.—(Special.)—Stanley Ketchell, pugilist, was shot through the right lung at the ranch of R. P. Dickinson this morning and is in a dangerous condition.

Whitacre and Warren Here.

J. J. Whitacre, of Canton, Democratic candidate for congressman, and Attorney W. E. Warren, of Leetonia, Democratic candidate for county prosecutor, were in the city Saturday morning conferring with their Democratic friends. They made a tour of other towns in the county in Mr. Whitacre's automobile.

Dem's to Caucus.

Democrats of Salem city and Perry township will hold a caucus in City hall next Monday evening, when plans for the present campaign will be furthered.

Mr. and Mrs. C. M. Keck, of Glenwood Springs, Colo., who have been visiting with Mr. and Mrs. A. J. Cobbs, have left for New York to visit relatives.

Mrs. S. I. Long, of Kensington, and Mrs. C. H. Hoopes and daughters, of New Waterford, transacted business in Salem Saturday.

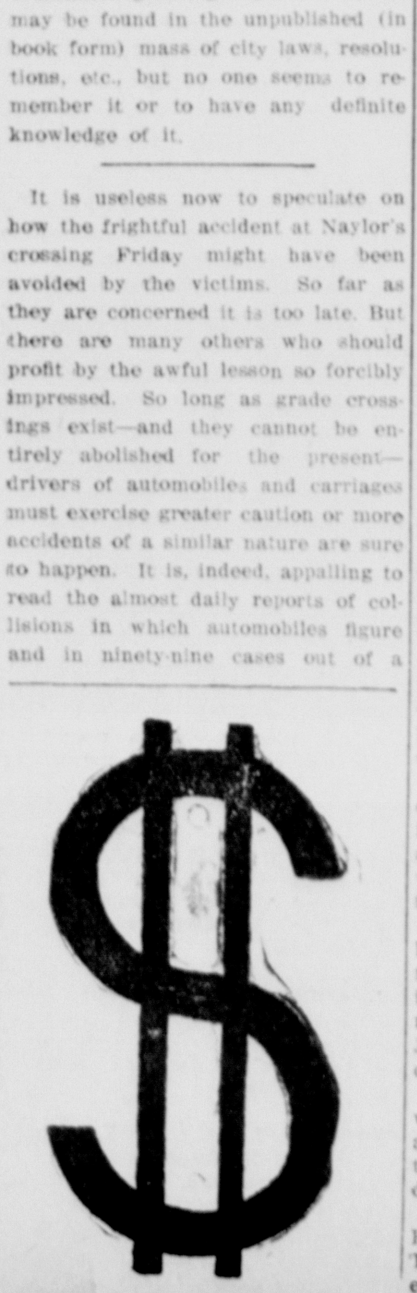
Entered at Salem postoffice as second class matter

We regret to note that at the recent State Federation of Labor convention in Hamilton a resolution declaring for a compulsory arbitration law was voted down. As a result, it is declared in dispatches from Columbus that no effort will be made at the coming session of the legislature to enact such a law. Yet during the long drawn-out and costly, as well as disgraceful Columbus street railway strike the need of such a law was made most decidedly apparent. And, moreover, such a law would have been in that case a benefit to organized labor, for as it is the striking car men lost the strike and gained nothing whatever. The Ohio Federation, we understand, voted against compulsory arbitration because it would prevent the working men from striking. In the case of public service corporations, at least, striking ought to be prevented and a better way of adjusting differences between employer and employe ought to be substituted. The public is an interested third party to such disputes and it invariably suffers by strikes and lockouts.

There is a prevailing opinion among business men in Salem that they are permitted to use two feet of the sidewalk space in front of their stores for the display of goods. There is, however, no such provision in the published city ordinances. Only where the front building line is back of the sidewalk line is use of the space intervening permissable, and very few business blocks are so situated. The only use of the sidewalk permitted is for the unpacking of boxes, barrels, packages, etc., when they may be allowed to remain on the sidewalk for 12 hours. It is barely possible that a revised section of city ordinances granting the two feet use may be found in the unpublished (in book form) mass of city laws, resolutions, etc., but no one seems to remember it or to have any definite knowledge of it.

It is useless now to speculate on how the frightful accident at Naylor's crossing Friday might have been avoided by the victims. So far as they are concerned it is too late. But there are many others who should profit by the awful lesson so forcibly impressed. So long as grade crossings exist—and they cannot be entirely abolished for the present—drivers of automobiles and carriages must exercise greater caution or more accidents of a similar nature are sure to happen. It is, indeed, appalling to read the almost daily reports of collisions in which automobiles figure and in ninety-nine cases out of a hundred they could be prevented with the exercise of greater caution.



The formal acceptance by Congressman James Kennedy of his Democratic opponent's challenge to engage in a joint debate and his selection of a representative to arrange details will be a great disappointment to several Democratic newspapers in the district which have been howling that Mr. Kennedy was afraid to debate and wouldn't. At no time has Congressman Kennedy sought to evade the debate, but he has insisted from the first issuance of the Whitacre challenge that the Democratic candidate state his position squarely on certain important issues, particularly that of tariff reform and protection to American industries and labor.

Surely is it time for Salem to have a revised edition of her city ordinances published. The old volume in use was published way back in 1896 and, naturally, is much out of date. Laws in it have been revised, new ones have been enacted and the result is decided unsatisfactory for those seeking accurate information. In theory, ignorance of the law is no excuse, but in fact such ignorance is quite prevalent regarding Salem's city laws under present conditions.

Sixty-five thousand bushels of onions are being harvested from the swamp lands near Orrville. A few years ago this land was considerd worthless. The fact is that very little land of any kind is absolutely useless. Something will flourish on it if only the right kind of intelligence is directed toward developing its latent powers sufficiently.

Another joy ride has ended disastrously—this time in East Liverpool. But there is nothing unusual about that. The combination usually required to make up a successful joy ride is all his satanic majesty could desire.

AUTO DRIVERS MUST STOP, LOOK AND LISTEN

Reprinted from Pittsburg (Pa.) Dispatch, October 1, 1910: The frequency of fatal accidents to automobiles at grade crossings gives decided pertinence to two decisions by the United States circuit court of appeals on the rules of contributory negligence on the part of the victims of such accidents.

In one case, New York Central vs. Maidment, the court held that the rule requiring perstons to stop, to look and listen before crossing the tracks was more imperative in the case of automobiles than horse-drawn vehicles. In the first place, the peril of collision of trains with automobiles is greater to the general public than that of a train with a carriage or wagon. Moreover, the automobilist can run his machine close to the track and there stop to look in each direction for trains; while if the driver of horses does that he risks the danger of accident from frightened horses. It might be added to what the court says that an additional reason why the automobile shoud stop for looking and listening is that if it keeps on running its occupants are unlikely to hear the noise of an approaching train, while those in carriages or wagons can nearly always hear the trains for a considerable distance. Therefore, the court held that for an automobile driver to rush across a railroad grade crossing without stopping to look and listen is contributory negligence. Moreover, the court stated the fact that if automobile drivers used the care, in this respect, that the law demands, "the possibilities of automobile crossing accidents will be minimized."

In another case, while repeating the principle of the above decision, the same court held that a person riding in an automobile by invitation and occupying a front seat, who, without protest, permits the driver to go upon the crossing without the prescribed care, "is also chargeable with contributory negligence and cannot recover." But in this case a woman riding on the back seat, with two persons in front of her, was held not to be chargeable with negligence in the absence of evidence that she could have seen the train, or know or could have seen that the automobile was approaching a railroad crossing.

These judicial views add to the lesson of recent tragic events for the need of extreme care on the part of automobile drivers in crossing railroad tracks.

FATAL DUEL WITH NEGRO FUGITIVE

Two Killed, Two Fatally and Five Seriously Injured

BATTLE IN WEST VIRGINIA HILLS

Half Breed Negro Shoots Policeman of Huntington, W. Va., Who Attempts to Arrest Him, Then Escapes to Hills, Where He Barricades Himself in Cave—Posse Follows and Negro Shot Dead.

Huntington, W. Va., Oct. 15.—Two killed, two fatally wounded and five seriously wounded was the price paid in human life for the capture of George, alias "Red," Johnson, a half breed negro, who shot and probably fatally wounded Detective George Lentz when the latter attempted to place him under arrest. Johnson shot seven members of the posse before being taken dead.

The Dead:

George Risa, railroad brakeman, member of posse.

George Johnson, negro fugitive.

Fatally Wounded—Charles Hale, shot through arm, Ira Harrold, marshtective, shot in back.

Seriously Wounded—W. W. Lowe, policeman, shot in left side; Charles Stuart, shot in head; J. R. Thomas, shot through hand; Will Hutchison, sot through arm; Ira Harrold, marshal, shot in leg.

Barricades Himself in Cave.

After fatally shooting Detective Lentz the negro escaped into the hills back of the city and, barricading himself in a cave in the face of a bluff, he defied arrest. A posse was organized in a short time and led by bloodhounds soon trailed the negro to the cliff. As soon as he saw the posse approaching the negro, who was armed with two Colts revolvers, opened fire. It was during this battle the men were killed. The negro was shot dead.

The body of the desperado was seized by an angry mob and dragged down the hill to the city limits. The members of the mob were bent on mutilating the body, but Chief Clingenpeel addressed the crowd and succeeded in pacifying it. Later the body was removed to the morgue.

SEES WET WORKER SLUGGED

Governor Marshall of Indiana Comes Near Mauling Assailant.

Dugger, Ind., Oct. 15.—Governor Marshall, speaking in this "blind tiger" town, was given an illustration of conditions which prevail when a temperance man, John M. Bridges, stepped up to him and asked him if he had the power to remove an officer who failed to do his duty, referring to failure to enforce the law against blind tigers.

Governor Marshall did not have a chance to answer in full, for Fred Stein, an ex-saloonkeeper, who was just behind him, shot out a big fist near the governor's head and hit Bridges a terrific blow which brought blood.

Angry at the outrage the governor turned on Stein and said: "You are a bad man and a coward. I've a notion to whip you myself."

"Somebody arrest this man," the governor shouted. W. Ray Collins, a Linton attorney, placed Stein under arrest. Stein pleaded guilty to assault and battery.

INCREASED CHEERFULNESS

Noted by Dun's Review of Trade Conditions This Week.

New York, Oct. 15.—Dun's Review of Trade says today:

"The better feeling noted last week is confirmed by this week's reports and although important elections are impending and the trade recession to a point considerably below normal continues, yet there are signs of largely increased cheerfulness and some increased activity.

"This is disclosed much less in the iron and steel trade than in the dry goods—the former moves slowly with a reduced production, but in dry goods there is a perceptible expansion in demand in all branches."

Stricken in Boat, Drowns.

Kent, O., Oct. 15.—Falling from a fishing boat when stricken with what was said to be epilepsy Ray Pike, age twenty-two, was drowned in East Twin lake.

ALL YOUR STOMACH TROUBLE VANISHES

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

TEDDY GOES; BRYAN ENTERS

Peerless Leader Now Doing Indiana For John W. Kern.

Auburn, Ind., Oct. 15.—William Jennings Bryan began his campaign for John W. Kern for senator just after Roosevelt had completed his tour of the state for Beveridge.

Bryan scored the tariff bill and what he termed inconsistency on the part of the Republican speakers in advocating the election of men such as Beveridge when a man like Kern would give the people relief from the trusts and the tariff as well.

SCIOTO GAZETTE 110 YEARS OLD; VIGOROUS

The News is in receipt of a handsome souvenir "Story of the Scioto Gazette," the oldest newspaper in America if not in the world in point of continuous publication under the same name. It was established in 1800 and is still appearing regularly at Chillicothe, being today one of the most prosperous and influential newspapers of the state. G. W. C. Perry, the only living descendent of Commodore Perry, of the battle of Lake Erie fame, is the editor. Col. A. W. Taylor, of Columbus, who has written the history of this interesting newspaper, declares that its files are a veritable mine of history, extending as they do back before the days of the war of 1812, and covering the many thrilling periods of American development down to the present time. The souvenir edition is a beautiful example of dignified typography, printed on heavy plated paper and generously illustrated.

Jamestown, N. Y., Oct. 15.—The postoffice at Sugar Grove, Pa., was entered and about $30 in stamps and coin stolen. The safe was blown open with explosives, the noise of which aroused the villagers and an armed posse chased the burglars to Pikes Rocks in the Allegheny foothills.

STATE CHARITIES CONFERENCE IS ON

Columbus, Oct. 15.—The big annual state conference of charities and correction opened at Newark Friday night and the sessions last until Monday night. There will be a big meeting Sunday afternoon, when Governor Harmon will preside. Dr. Henry C. Eyman, superintendent of the Massillon state hospital, is president and as such he made the annual address at the opening meeting. One of the most interesting subjects will be that of "Needs of Some State Institutions," by Miss Blanche Vignos, of Canton, a member of the state board of visitors for state institutions.

Albert Hayes left Friday afternoon for Newark to attend the state conference of boards of charities and corrections, having been sent as a representative of the blind commission of Columbiana county.

HICKMAN SNARLS IN CELL, WAITING END

Beaver, Pa., Oct. 15.—"I'll die before I accept another d—— thing from you," declared Murderer Charles Hickman, ex-fugutive yesterday in the Beaver county jail at Beaver, Pa., after Sheriff John W. Hartzel removed from his cell various eating utensils, including a number of tins, pans, and drinking cups, that might be used by the convicted murderer as a means of suiciding.

Hickman has repeatedly asserted that he would not be lead to execution from the Beaver jail, this being taken as a threat of self-destruction. "I might as well be dead as to be in a place like this anyway,' he continued. "Life is worth nothing to me here. I won't be here in another year."

In his cheerless cell, on the second floor, along the east corridor, Chas. Hickman paced nervously back and forth, casting menacing glances in the direction of Sheriff Hartzel and all the while cursing the sheriff whom he evidently believes is keeping too close a tab on him. Two days and two nights re-incarceration has brought about a change in the wife-slayer's disposition. Defiance gleams from his dark eyes. He is nervous and utterly wretched.

His nasty display of temper was the result of the close supervision Sheriff Hartzel is keeping over him. Nothing is left in his cell that might be used to assist him in taking his life. This provokes him. He wants to have the same privileges that the other prisoners enjoy. What game, if any, he is trying to play, baffles the authorities.

FELL UNDER TRAIN; DIED IN HOSPITAL

Alliance, Oct. 15.—While in this city on his way to Pittsburg to see his wife Thursday evening, Francis E. Stroup, aged 41, of North Jackson, met with an accident at the Union station from the effects of which he died just 12 hours later in the City hospital.

Stroup intended to take a train to Pittsburg to see his wife, who is visiting friends there. He attempted to board train No. 222, a vestibuled train, while it was moving in front of the station. As the doors were closed, he was unable to get aboard the train and fell, his legs falling across the south rail of the track and both were crushed below the knees.

Strup was an expert mechanic in the employ of the Johnson Harvester Co., of Allegheny and had recently returned from an extended trip for the firm.

W. O. Collins, ticket agent at the Pennsylvania depot, will enjoy a few days' vacation next week. J. P. Evans, of Allegheny, will act as ticket agent in his absence.

W. H. Mullins made a business trip to Cleveland Saturday.

PRISONERS SENTENCED BY JUDGE HOLE FRIDAY

Lisbon, Oct. 15.—Judge Hole yesterday afternoon imposed sentence on Henry Preston, of Lisbon, who was found guilty by a jury of cutting with intent to wound. He was given one year in the Ohio penitentiary at hard labor.

Charles Reed, of East Liverpool, who was charged with having abondoned his legitimate child was released after he had agreed with the court that he would obtain employment and support the child who is at present in the custody of his mother.

Len McTaggert, of Wellsville, entered a plea of guilty to having taken a quantity of iron from a car of the Pennsylvania company. Owing to the fact that the defendant had been in jail about three months the court sentenced him to five days imprisonment and to pay the costs. The value of the metal taken was $15.

Following the disposal of these cases the jury was excused to report Monday at 1 o'clock and court adjourned until that time. Judge Hole stated that Judge Barnum, of Youngstown, would occupy the bench here next week, owing to the fact that Judge Hole would be called upon to hold court in Warren and Canton.

THEATER MANAGER ASKS DAMAGES OF NEWSPAPER

Lisbon, Oct. 15.—James C. Tallman, owner of the Ceramic theater in East Liverpool yesterday afternoon filed a suit in common pleas court against the East Liverpool Tribune Publishing company, in which he seeks to recover $12,000 as damages for articles published in that paper reflecting, it is claimed, on the character of his business. The plaintiff alleges that the defendant published articles the past year in which false and malicious statements were made regarding the theaters, attractions shown, prices charged and the patronage of the playhouse. The articles in question are offered in evidence and are a part of the petition. The plaintiff avers that this was done to injure the plaintiff's business and the reputation of the theater and he alleges that he has been damaged in the sum set forth above, for which he asks judgment.

CURES PIMPLES QUICKLY.

Simple Remedy That Clears Skin Quickly of all Eruptions.

For several weeks past Floding's Pharmacy has done the biggest business they ever had in any one article selling Horaka, the skin food that has won so many friends in Salem.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its usual curative powers, the price is trifling. To convince every one of its merits, Floding's Pharmacy will sell a liberal-sized jar for 25c; larger size 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin disease is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

Terrible Suffering
Eczema All Over Baby's Body.

"When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.

Hood's Sarsaparilla cures blood diseases and builds up the system.

My back also gave a great deal of trouble and sharp pains darted through me when I stooped. An Unusual Opportunity.

Frank F. Trimble will pay back your money if Seaver's Dyspepsia Tablets fail to cure dyspepsia. "Never in the history of my store," said the above druggist, to representative of a wholesale house, "has there been so great a demand for any remedy as there is just now for Seaver's Dyspepsia Tablets. Salem people are coming in every day inquiring if it really is true that I sell Seaver's Dyspepsia Tablets with the understanding that they will cure dyspepsia or pay back the money." Of course this guarantee plan is quite unusual, but we do just as we agree and we will hand back your money without the least argument if you are not decidedly benefited. "Not one person in fifty has asked for their money and it may surprise you to know that at least a dozen within the last ten days have been in to tell me how much they have been relieved, and how glad they are to know that at last there is a remedy that really will cure indigestion and dyspepsia."

Seaver's Dyspepsia Tablets brace and tone up every nerve and fibre, help digest the food, put new life into the digestive organs, improve the appetite, clear up the complexion, cure billiousness, dizzy spells, coated tongue and sick headache. Try them for twenty days and if you don't see a great improvement step in and tell Frank F. Trimble and he will hand back your money cheerfully and without argument.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from to drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WORLD'S STEEL MAGNATES MEET

Revolution of Important Parts of Industry May Develop

SESSIONS HELD IN SECRET

Stability of Prices Discussed by Representatives at New York Hotel. Common Policy to Maintain Reasonable Prices Even by Curtailing Production Seems to Meet With General Favor by Magnates.

New York, Oct. 15.—Steel makers from many parts of the world met at the Waldorf-Astoria in attendance at the first general meeting of the American Iron and Steel institute.

No such gathering of steel makers has ever taken place before in this country and from it results may flow which will revolutionize that gigantic industry in some of its important branches.

How to Maintain Prices.

Stability of prices was perhaps the most important topic discussed by these men at their first meeting with the representatives of the industry in this country. Some of the men advanced the idea that the time had come in the industry when steel makers should adopt a common policy in seeking to maintain fair prices even to the extent of curtailing production if this should be found necessary.

Judge Gary of the United States Steel corporation was one of those who pleaded for a reduction of output rather than a reduction of prices at times when consumers were not willing to pay prices however reasonable. This could only be done, Judge Gary pointed out, by the cheerful and continued co-operation of the members of the new institute.

Public Barred From Sessions.

As might be expected the meeting was not open to the public and only a synopsis of the proceedings were given out. It was decided in this respect to conform with the rules of the British institute, whose meetings are private in order that, as Mr. Schwab expressed it, there should be greater freedom of discussion.

Members of the institute will make an excursion around the large railroad terminals and industrial plants of this city today and on Sunday evening will start on a tour of the country's big steel plants.

He said the college beer drinking clubs were leading to physical, mental and moral damage to the youths of Germany. He said they could not find a worthier model in this respect than the American universities, where the athletic side of life was admirably managed.

Master Loron Taylor having read enough about aeronauts to get the contagion of the day, he constructed a bi-plane of his own. And one day last week (no matter about the exact time) he concluded to soar aloft, and partly succeeded, but when he had crossed the creek near his home, some 30 feet in the air, a sudden gust of wind upset the machine and landed Master Loron upon his shoulder. When his father saw the lad he went for the air ship with a hatchet, having no mechanical end in view. Not to be outdone Loron has another one under construction.

Mr. and Mrs. J. D. Smith received an invitation to the marriage of Wm. A. Fleming and Miss Cecil Adelide Newcomb at Ada, O., on the 23d of last month. The happy couple announced that after Novmber 15 they will be at home at Scranton, N. D. Will Fliming will be remembered here as the fast ball twirler, while his better half is the daughter of Rev. and Mrs. I. F. Newcomb. It will be remembered also that the groom graduated from the law school at Ada in June, when President Taft addressed the class.

YOUNG MOTHERS

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM---it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

SOMEBODY IS SCARING UNIVERSITY CO-EDS

Nightly Visitor Prowls About Campus of State College

Columbus, O., Oct. 15.—The state university police force of three men and the city patrolmen stationed near the university grounds admit themselves baffled by an unknown man who has been instituting a reign of terror in all parts of the university campus by frightening the girls.

None of the girls secured a description of the man, but reports have been coming into the university authorities regularly during the last few days.

He has approached none of the buildings, but seems to lurk about Mirror lake and the region of the spring. Some of the male students of the university have decided to take the matter into their own hands.

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciata, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

Before I used Foley's Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning, I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Bolger & French.

MARKER WANTS NO WHITEWASH

His Evidence Will Be Presented to Denman Monday

DECLARES HE HAS MORE PROOF

What Chief Engineer Has to Show to Support His Charges of Graft on Canal System Will Be Unfolded at Governor's Office—Marker Declares He Has the Goods—Trip to Akron and Cleveland Fruitful, He Asserts.

Columbus, O., Oct. 15.—Chief Engineer James Marker will not turn over the evidence he has collected in the canal graft scandals until Monday morning at 9 o'clock, when Governor Harmon, Attorney General Denman and Marker have a conference.

He told Attorney General Denman that he would produce the evidence at the governor's office in a conference when Mr. Denman called at the office of the chief engineer to ask that the evidence be turned over.

"I have made these charges and have everything at stake to prove them," said Chief Marker to Attorney General Denman. "I want to be assured that there will be no whitewash in the investigation. I was appointed directly by Governor Harmon and feel that I should not take any action until there can be a conference held at which the governor is present."

Marker said that he had been in Akron and Cleveland and intimated that he had secured some additional proof on certain points touched upon in his report.

LICHTENWALTER HELD

Charged With Shooting Columbus Man Who Is Lying at Point of Death.

Columbus, O., Oct. 15.—Early Litchtenwalter, under a charge of shooting Ray Golden, who is lying at Grant hospital at the point of death, was given a preliminary hearing in police court. He was held to the grand jury in the sum of $10,000. Margaret Golden, wife of the wounded man, is held as a witness under $5,000 bond.

Mrs. Golden testified that her husband had grappled with Litchtenwalter and that when the shots were fired he had Lichtenwalter on the ground and was beating him with his fists. Dr. Goodman testified as to the nature of the wounds and said there was practically no hope for Golden's recovery.

GOES 3,000 MILES TO WED

Childhood Romance Began in Massillon Ends in Frisco.

Massillon, O., Oct. 15.—A childhood acquaintance, which developed into a love affair, an engagement, a courtship by mail and a 3,000-mile trip across the continent by the bride-to-be were the romantic incidents which led up to the marriage Oct. 5 in San Francisco of Miss Estella Volkner of this city and Clarence Sibila of San Francisco, formerly of this city.

The groom left here about a year ago. It was agreed by the young people that when he was settled he should send for her and she would go to him to wed.

LIFE NOT WORTH LIVING

is the way Miss Alta Abel, of West Baden, Ind., summed up her existence after having sought in vain for health. She writes, "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed, and my life was not worth living.

"Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine).

What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Frank F. Trimble, druggist, Salem, O.

JESSIE SAID YONAS HAD DEFRAUDED HER OF $150

Alliance, Oct. 15.—Acting Chief of Police Oswalt went to Leetonia Wednesday evening and brought George Yonas back to this city on the charge of false pretense.

Yonas was taken from a Pennsylvania train at Leetonia at the request of the local officers. The complainant was Jessie Scott, who alleged the man had defrauded her out of $150. The prisoner settled the claim and was released. He claimed he was going to Pittsburg and would return to this city and settle his debts. Before leaving he had disposed of his boarding house and when taken from the train the balance of the party had tickets for New York.

Harvesting His Ginseng.

Harry Windle, of Garfield, is now harvesting his ginseng crop. He expects to have fully 25 pounds of dried roots and for these will receive about $8 per pound. Mr. Windle in a small way has made a success of growing ginseng and during the present fall will plant about 75,000 seeds. The crop being harvested was planted from three to seven years and some of the roots will weigh fully one-half pound each.

In speaking of the possibilities of the cropp. Mr. Windle states that from a plat of ground three feet square four pounds of merchantable roots can be harvested and at the present market value is worth $32.

Mind Probably Unbalanced.

Lisbon, Oct. 15.—Bert Watson, of Lisbon, was taken to the city lockup last evening after complaint had been made by his aged mother that he was terroorizing her. Watson for some time past has given evidence of an unbalanced mind and when taken in charge by the officers protested violently. He made the night hideous to residents in the vicinity of the City hall by his yells and it is probable that Mayor Hinchliffe will have an inquest held on him in probate court for lunacy. Watson is about 40 years of age and unmarried and has been making his home with his mother.
